

## Llangain Community Council News

January 2013

The Community Council have taken delivery of two new benches for the use of the community which are now in place, one on the Recreation ground and the other on Smyrna Crossroads. They are of a recycled material, should last many years and reflect the Council's environmental policy. Also the village signs have been renovated and are now back in place.

Again this year the Council have organised a Christmas Tree at Smyrna Crossroads. The tree this year has been donated by Mr Ryan Davies and decorated by Cllr Haydn Williams. The Council would wish to thank them both for their kindness.

Members of the Community Council have met officers of the County Council to discuss problem areas on the roads of the village and surrounding areas and have been promised improvements in some locations, subject to budgetary constraints. Residents may report any specific problems either to the Community Council or directly to the County Council on 01267290199.

Residents are again reminded that there remains a vacancy on the Community Council and should anyone wish to put their name forward for co-option, they should contact the Clerk, Mr Iwan Griffiths on 01267290199 or one of the Community Councillors regarding eligibility etc. The work of the Community Council is outlined on the village website, [www.llangain.org.uk](http://www.llangain.org.uk).

The Chairman and Community Councillors wish everybody in the community of Llangain a happy and prosperous New Year.
